

Minutes 9-8

Unfinished Business

Senator Elections;

Voting was delayed but we have everything set up. We have one more nomination to add to the form before we send it out to the student body from our SGA email. Since we are a day behind, we could extend voting to Friday and contact election winners on Saturday. Voting extension passed by unanimous consent. We need to ask Beckie if we'd get results the same day as the election. We will keep the deadline at five o'clock.

Treasurer's Report:

Total funds are \$21,250. 75% of that goes to SAB (\$15,937.50). We have \$5,315.50 for our general funds, and \$2,815.50 for our executive funds.

Senate Considering Covid-19:

We have nothing new added to our shopping list and the busy weekend hindered our progress on that front. The most urgent thing to buy are binders which we will place a priority on purchasing. Starting an open PO to purchase supplies from Walmart is an option we are floating around right now. We will be able to meet in our venue to go over social distancing protocols as well as zoom webinar infrastructure.

Vice President moves to set aside \$50 for a Walmart open PO to purchase binders:

5 yes 0 no

Treasurer Melendez will go to Walmart to buy ten binders for our new senate members.

We don't have any recommendations for a Sergeant at Arms so Casey will plan to take those duties.

Open Discussion and Announcements:

VP Brooks: will have constitutions ready to order soon for constitution day.

Parliamentarian Alexander's mother is making masks for us to use in the senate at no cost.
