

Executive Minutes 3-16

VP of Student Affairs Report

Trevino: is still not in the Groupme. Fans-in-Stands was approved and the specific guidelines will be announced this week. Telehealth services should be announced this week but they are currently available.

President's Report

Peebles: And email was sent out about the Canvas page to the student body. The invitations were sent following the invitation to join the Canvas page.

Committee Reports

Brooks: The Election Committee has been reached out to and will begin their business soon.

Online Communications

Brooks: will look over the Canvas page tomorrow to check for things to change and will hopefully publish it soon after.

Peebles: has recommended that students give feedback about the page in the email that was sent to the students. Peebles asked Brooks if there was any problem with the size of the videos that will be uploaded.

Brooks: There should be a way to get around it if we use a separate link to the videos.

Peebles: Ginger London and Chris Garneau are able to help if any problems arise with the Canvas page.

Online Class Survey

O'zee: sent an email to Jana Ware with the revisions requested by the executive board and is awaiting a response.

Peebles: After Jana responds with the changes, an email will be sent out to the student body given that there are no objections from the board and Brooks will add the survey to the Canvas page.

Brooks: is able to put a link on the Canvas page but will probably not be able to do anything else.

Open Discussion and Announcements

Brooks: Senator Willoughby requested to attend OSGA and more funds need to be set aside.

Alexander: It would be easier to pass a motion through the executive funds than through the senate.

Brooks: Moves to set aside \$20 from the executive funds to fund Isabella Willoughby's OSGA Spring Congress attendance.

Motion unanimously passes.

Shores: needs to know how many people are attending OSGA.

Alexander: will speak with some people after the meeting to find out how to register.

Brooks: \$150 from the general funds for voting and non-voting delegates and advisors to attend and \$20 to fund one extra person is the distribution of SGA funds allocated for OSGA

attendance. The \$300 bill does not include names and it is unknown as to whether or not it includes an amount of people or not so the board might not need to set aside executive funds. The bill should cover Isabella.

Peebles: vetoed the motion to set aside \$20 for Isabella to attend OSGA Spring Congress.
